EFFECTIVE 04/03/2017

New procedure for Road Crossing permits for Blaine County. The Commissioner for the District in which the permit is requested must be contacted prior to submitting the completed permit to the Blaine County Clerk Office.

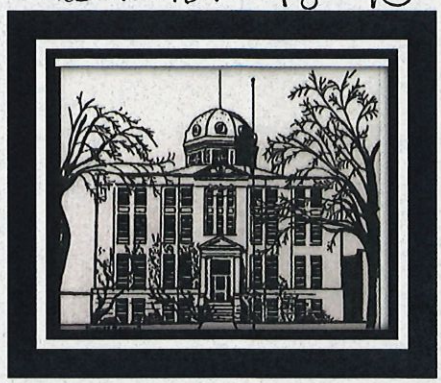
If you would like a copy returned to you, you must submit two (2) originals and return postage. A copy may also be emailed to a provided email address. A copy may be purchased for pick up from the County Clerk Office for $1.00 per page.

Resolution 18-95

BOARD OF COMMISSIONERS

BLAINE COUNTY

BLAINE COUNTY COURTHOUSE
212 N. WEIGLE
WATONGA, OK 73772



MIKE ALLEN BRANDON SCHULTZ RAYMOND SCHEFFLER

RESOLUTION

Whereas, Blaine County receives a permit fee of $1,500.00 per approved permit for crossing a county road, and $3,000.00 for crossing diagonally across a county road at an intersection;

Whereas, the district in which the road crossing is located must continue to maintain the roads after the road crossing event, and;

Whereas, these permit fees are to continue to be deposited in the County Highway Fund, so;

Therefore, be it resolved that all permit fees shall be directed and appropriated to the County Highway Fund for the district in which the permits are approved.

Resolved this 2nd day of January, 2018.

Raymond Scheffler, Chairman

Mike Allen, Member

Brandon Schultz, Member

IF GRANTED, THIS PERMIT IS SUBJECT TO THE FOLLOWING CONDITIONS, REQUIREMENTS, AND COVENANTS, TO-WIT:

1. Applications for road crossings must be submitted to the COUNTY CLERK for approval by the Board of County Commissioners (BOCC) with payment of $1,000.00 per crossing for an inspection fee made payable to the BLAINE COUNTY TREASURER. All telephone companies and public utility companies shall be exempt from the inspection fee. Applicant/Contractor shall contact County Highway or County Commissioners office twenty-four (24) hours prior to actual construction, so an inspector may be on the site during construction.

2. Blasting is not permitted within the highway right-of-way, except in unusual circumstances, and only with prior approval from the County Commissioner.

3. Underground construction of pipelines, telephone company facilities, or utility lines (hereinafter collectively referred to as utility lines) that cross county highways shall be bored, and NO DITCH OR TRENCH in the road shall be opened by the Applicant/Contractor, unless otherwise agreed to, in writing, by BOCC.

4. When paralleling the roadway, utility lines shall be located within five (5) feet of the right-of-way line or the fence line, unless otherwise agreed to by BOCC. If no fence exists, the location of the right-of-way line shall be determined by this Applicant. In no instance shall a utility line by placed within the limits of the roadbed, unless otherwise agreed to by BOCC.

5. All underground paralleling facilities shall be installed at a minimum of thirty(30) inches below the surface, except buried power lines which should be placed at a minimum depth of forty-eight (48) inches below the surface, and except telephone company

facilities which shall be installed at a minimum of twenty-four (24) inches below the surface. All overhead and parallel installations shall not cross any county road nor any point of access to the county road at a height less than required by the Corporation Commission of the State of Oklahoma.

6. All underground crossings shall be installed at a minimum depth of four (4) feet below the elevation of the ditch, and maintained at that depth. This also applies to high pressure pipeline crossings. High pressure pipelines are defined as pipelines designed to operate at pressures in excess of one hundred twenty-five (125) PSIG.

7. The Applicant agrees to keep the road open to traffic unless otherwise agreed to or approved by the BOCC. The applicant or contractor shall meet all applicable laws and regulations, including those in the "Manual on Uniform Traffic Control Devices: appropriate for the construction project covered by the Application.

8. The Applicant will relocate said utility or pipeline, if and when it interferes with highway construction or maintenance, upon written notice from the BOCC.

9. Applicant agrees to design pipeline road crossings using one of the following methods:

A. If encased, casing shall extend from the right-of-way to right-of-way.

B. If non-encased, and of steel, pipe within the right-of-way shall be superior to pipe outside of the right-of-way.

1. By being at least one grade better and of the same thickness, or;
2. Being a minimum of one wall thickness greater and of the same alloy, or;
3. In the case of unequal diameters, being proven superior by use of the Pipe design formula as per 49 CFR Part 192.105.

C. If non cased, and of plastic, pipe within the right-of-way shall be installed:

1. At a minimum depth of four (4) feet below the elevation of the ditch; or
2. If buried with less than a four (4) feet cover, approval prior to construction must be obtained from the BOCC.

10. Applicant agrees to hold free and blameless this County for any damage to person or property caused by its construction or maintenance of any poles, posts, stubs, pipes, valves, wires, and other property placed on or under said highway, pursuant to this application. Applicant further agrees to be responsible for repairing all damages to the roadway caused by applicants construction. This responsibility includes, when and where appropriate, Applicant causing to be placed on the roadway sufficient gravel and or chat which will return the roadway surface, designed such that, after compacting, no depressions in the roadway will result from Applicants installation.

11. Applicant assures that all necessary permits have been received from those governmental agencies from which approval is required by Federal and State law, including Section 404 of the Federal Water Pollution Control Amendments of 1972. 33 U.S.C. s1251, et. Seq.

12. Applicant further agrees that if the pipeline for this permit is anything other than for what this permit is granted for, then another permit must be obtained from BOCC.

13. This Permit is only effective for **Six (6) months** after the date of approval.

14. A **map of the location** is required for each permit.

15. **If you would like a copy returned to you, you must submit two (2) originals and return postage. A copy may also be emailed. A copy may be purchased for pick up from the County Clerk's Office for $1.00 per page.**
